

Allied Professionals Council

The Allied Professionals Council for Legacy Health provides support, advice and counsel to the planned giving program for The Office of Philanthropy. The foundations served include Emanuel Medical Center Foundation, Good Samaritan Foundation, Legacy Health Foundation, Meridian Park Medical Foundation, Mount Hood Medical Center Foundation, Randall Children's Hospital Foundation, Salmon Creek Hospital Foundation and Silverton Health Foundation.

Members of the group are representative of the various geographical areas served by Legacy Health and include attorneys, financial planners, life insurance agents, stockbrokers, real estate brokers, trust officers, accountants and tax professionals. These community leaders provide expert advice in all aspects of planned giving. We rely on their expertise particularly in the areas of annuities, trusts, deferred gifts and gifts of real property or stock.

Legacy Allied Professionals are invited to meet three times annually to hear noteworthy speakers, discuss industry trends and advise Legacy Health on estate planning matters. Board of Trustees and Allied Professionals will be noted on our website and occasionally in print materials.

We look forward to partnering with our allied professionals in furthering Legacy Health's mission:

Our legacy is good health for

our people

our patients

our community

our world

For more information regarding the Allied Professionals Council at Legacy Health, contact Kathy Hostetler, Executive Director, 503-276-9496 or khostetler@lhs.org.
